

The Club has purchased a key access for the Green River in Saluda, NC. This key is used to access the gate for the takeout of the Upper Green (Class III), which also serves as the put-in for the Narrows section (Class V). The key is available for checkout by current club members. Should any club member wish to utilize this key, please contact the Cruise Chair at [cruise.chair@carolinacanoecub.org](mailto:cruise.chair@carolinacanoecub.org)

Each member using the key is responsible for making sure the gate is left locked at all times, before and after use, in addition to seeing the key is promptly returned after use. In addition, a \$5/person use fee is expected to be paid upon arrival into the parking area, via the honor system pay box. This is all private land, and we are privileged to have this access. This access will only remain possible if we adhere to the regulations that were put in place at the time the user agreement was finalized.
